## Overview

- Gauteng Infrastructure Financing Agency ("GIFA") is a government component of Gauteng Provincial Treasury that is established in terms of section 7A(4) of the Public Service Act, 1994. The GIFA supports infrastructure development in the Gauteng City Region through alternative funding partnerships.
- The GIFA conduct feasibility studies on infrastructure projects and explores appropriate funding models and partnerships.

## Our Operating Ethos

- Solution-driven
- Innovative
- Service excellence
- Professional
- Accountable

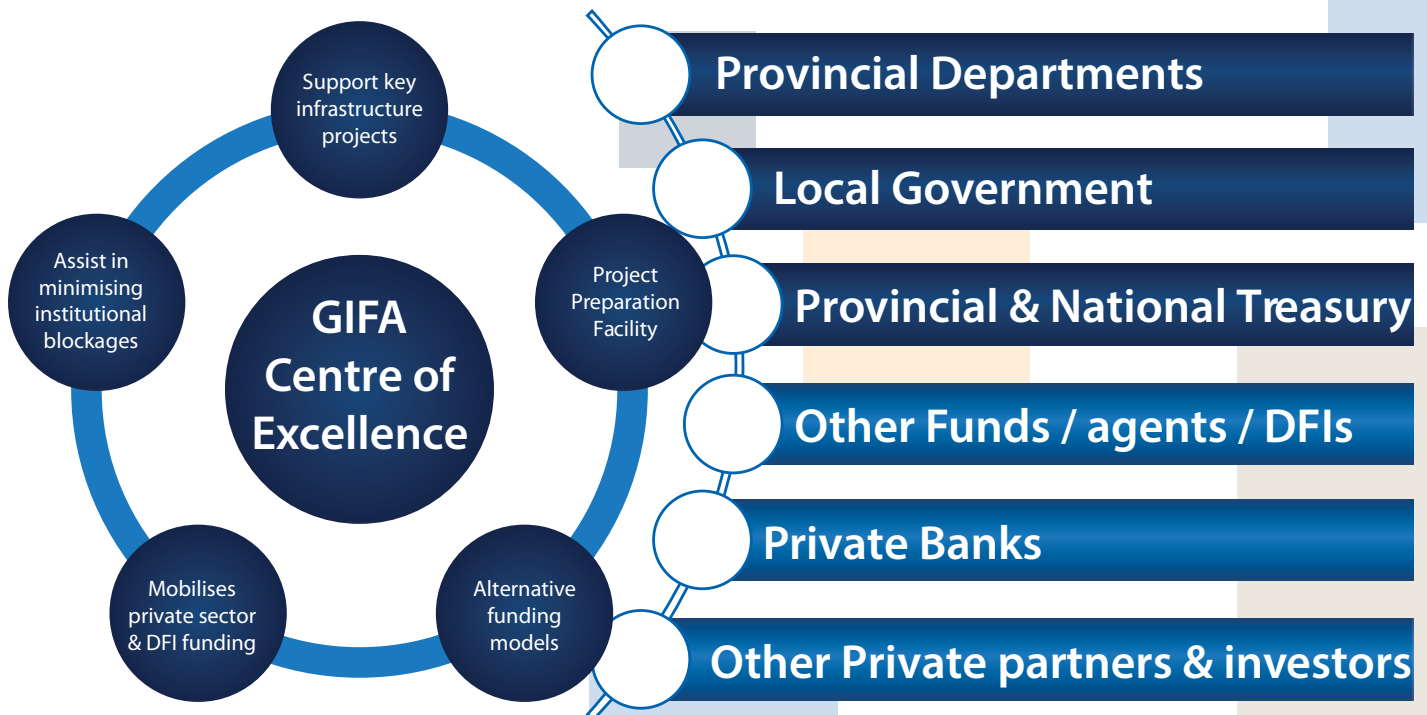

## Our Value Proposition

The GIFA is a centre of excellence that provides innovative financing solutions for key infrastructure projects in the province. The GIFA provides a one stop service to provincial departments, their agencies as well as municipalities to convert a project concept or ideas to bankable proposal. The GIFA facilitates and interacts with the investor community to raise alternative funding for infrastructure programmes and projects that are not financed through the fiscus.

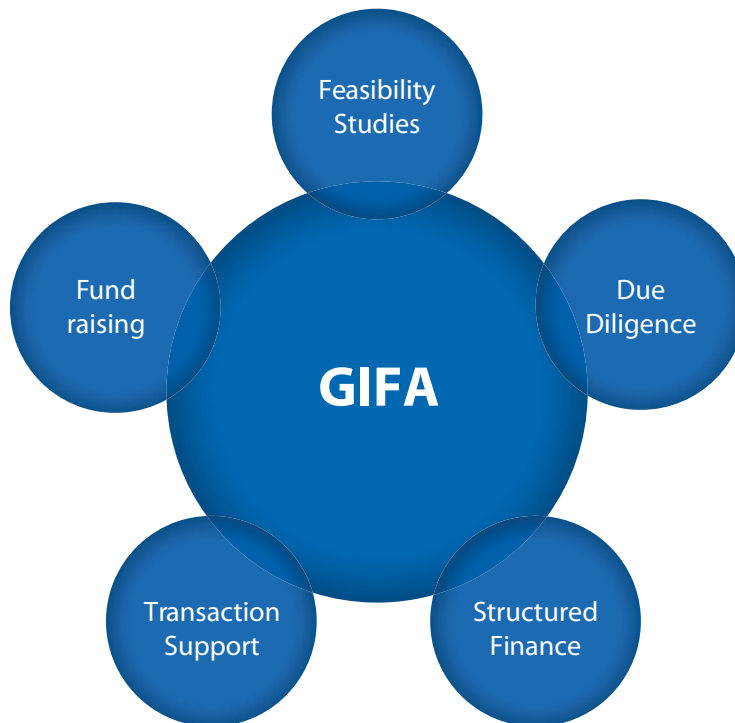

Through its Project Preparation Facility ("PPF") the GIFA funds the development of projects and ensures that high quality skills and expertise is made available for each supported project.

### The functions of GIFA and the stakeholders of GIFA:
